

Healthcare solutions that adapt to your company's needs and budget

We offer different levels of protection that range from prevention and early diagnosis to hospitalization, emergency care, or even on-site corporate medical offices.

Traditional corporate health insurance

Our traditional protection, which protects your employees with hospital expenses and medical fees in case of illness or emergency.

Hospitalization

Emergency Care

Cuidado Integral+®

Our most revolutionary protection, which combines the traditional insurance with primary care services for early diagnosis and prevention provided in **AXA Keralty's Health Clinics**.

Currently available in 8 cities

Traditional corporate health insurance

Medical consultations

Check up

Our insurance products include 24/7 telephone medical assistance and ambulance. Whenever you need us, AXA will be there!

Value Proposition

Installation process

At AXA we care about providing an agile and quality service, for this reason we have a special structure whose objective is to support our commercial partners from installation to claims attention. We ensure the service from day 1 of validity!

Consulting model

We strengthen our comprehensive offer and will provide a differentiated service for our Commercial Lines portfolio based on the delivery of useful insights about our clients' use of their insurance.

My AXA Benefits Portal

We strengthen our positioning as a modern and digital insurer in Employee Benefits, thanks to our portal where you can:

- Control your Health and Life corporate accounts in one place
- Register, cancel, and change your insured population
- Download contractual documents and digital designation of beneficiaries

Planned®

Offers primary care services (like consultations, lab studies, physical therapy, etc.) in **AXA Keralty's Health Clinics** and healthcare providers.

The perfect solution for companies that want to **complement their existing health** insurance or companies looking for a more affordable solution.

Corporate Medical Office

AXA Keralty offers a wide range of medical services **tailored specifically to your needs**, including on-site activations (check-ups, ophthalmoscopy, etc.), health talks, or corporate medical office services, which can be **provided directly where your company is located**.

We can help you comply with some of the most relevant corporate regulations. For example, **companies with more than 100 employees** are required by law to have a corporate medical office.¹

¹ Obligations under Mexico's Federal Labor Law, Article 504.
